The 15th Annual Conference of US HUPO, *Proteomics at the Frontiers of Biology and Medicine*, will be March 3-6, 2019 at the Hilton Washington DC / Rockville Hotel & Executive Meeting Center. The conference opening will be preceded by two days of short courses March 2-3.

Organized by **Steve Carr** (Broad Institute), **Ileana Cristea** (Princeton University), **David Fenyo** (NYU Medical School) and **Aleksandra Nita-Lazar** (NIAID, NIH) this Mid-Atlantic-based meeting promises to successfully bring together leaders and young researchers from the coasts and abroad plus provide an influx of regional attendees that will find the location both accessible and affordable. The preliminary program and invited speaker roster is available at www.ushupo.org.

Corporate support and involvement is a vital part of the US HUPO annual conference. Participating companies enjoy contact with attendees through placement of breaks and mixers in the combined poster-exhibit space and informal interactions. The Marriott City Center Minneapolis provides space for the posters and exhibits to be co-located on the same level as the sessions.

Sign up for 2019 with the Exhibitor Order form on the following pages. Your reply is requested by **December 21, 2018**.
